Dear students,

How does one deal with times like these? The pace of change is so fast and unpredictable that no one can reasonably forecast the conditions you will face at the end of the school year, never mind trying to predict the economic, social and political world you will face after four years of college and university.

When you started this school year in September, who could have predicted events in the former Soviet Union to account for the fragmentation and collapse of that super power? The olympic medal winners from this former giant cannot even listen to their national anthem: there is no nation and no anthem. Also in September it was unthinkable that Israelis and Palestinians would be meeting regularly to discuss the enduring crises of the areas. Enormous economic re-structuring is happening not only in the old Soviet Union, but in Europe, North America and Asia and we can only dimly see what effects this will have.

By the time you graduate in June, we may know the options we face in assessing our future as a country, but we will not know the outcome or be able to predict it accurately. As the ancient Chinese proverb holds, you have been cursed to live in interesting times. So, with so much changing, what are you to do?

First of all, accept change as a way of life and be ready to deal with it. We cannot train you for the future because nobody can look that far ahead. However, we can help educate you so that you can think and work out your own solutions. We can help provide you with the attitude and abilities you will need to manage change for the near future, but we cannot - nor can university - give you specific training and skills for a specialized career or profession based on today's criteria because we cannot judge the future with certainty. This, I think, is the fundamental difference between education and training. Get an education so that you can understand and manage change.

One final comment. I said that the world is changing at an unbelievable pace and so it is. But you have a fairly unique advantage, because in our small school, you will have made contacts and friendships on an international basis. Cherish these, because nothing is more valuable for coping with a confusing world than personal knowledge and contact. These contacts and friendships will give you a breadth of vision and understanding that is hard to match and it is something no formal classroom teaching can provide.

Good luck to all of you. It is time for you to face a challenging and perhaps forbidding world, but you do not have to do this alone or unprepared. I hope you look forward to the journey.

When Mr. Gallant approached me early this year, and asked if I was willing to take on the position of Head Prefect I was honored and more than happy to accept.

Stanstead College is a place for learning and growing, the position of Head Prefect offered me the chance to repay - both the school and the people who belong to it - some of what it has given me personally and given us all collectively.

Stanstead contributes so much to our lives that we often take it for granted. As Head Prefect, I have tried to interact positively with my peers, and remind those who forget that we are very fortunate to belong to a society with such an immense store of learning experience and knowledge.

It has been written by many of my predecessors that theirs were years of great changes. I feel privileged this year to have inherited an already smoothly flowing system in which no significant changes have been necessary. As a result, the prefects this year had an increased opportunity to concentrate on communications between the student body and the staff. It is an important part of our job to see that suggestions, ideas and queries are properly understood and voiced on both behalfs. This task often involves great sacrifice and unfortunately tends to go unnoticed, so I take this chance to thank all the prefects for their contributions and remind them that our experience gained is well worth the effort spent.

This year has been full of unforgettable moments and all those memories will combine to form a solid piece of our lives. We are privileged to have been chosen to represent this school, and I am truly honored to have represented the students of Stanstead College, 1992.

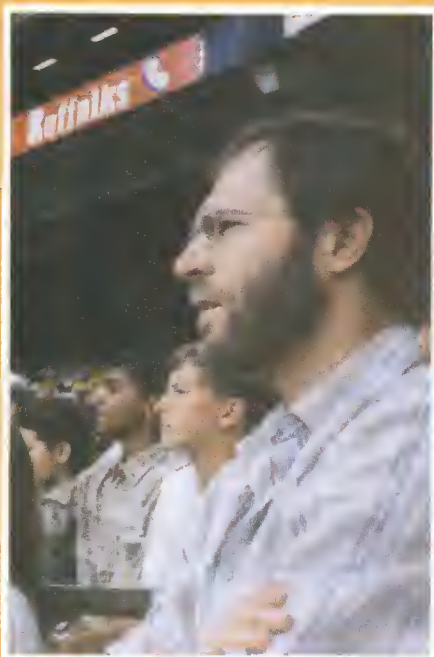

Our thoughts go out to Tomo Fukahara.

DEBATING AND PUBLIC SPEAKING

J. Lothian, B. Mulholland, C. Cadou, I. Darling, M. Ector, A. Bullard, S. Cheetham, B. McDonald, K. Dajani, Z. Hussain

The Stanstead College Debating/Public Speaking Club embarked on a very active year. A keen group of approximately twenty students from grades 8-12 participated in the Thursday night sessions. Four teams of debaters travelled to Marionapolis College in Montreal in November for a day of debating. The prepared topic of the day was "Be it resolved that the Rape Shield Law is Detrimental to Society". Although the Stanstead teams lacked experience they came out with valuable knowledge and a renewed interest in debating. February 3rd, Stanstead hosted five (5) BCS teams to debate on the resolution "Be it resolved that all Canadians be bilingual" which provided for some very interesting argumentation. The Stanstead teams scored very well and ended up winning both the prepared and impromptu final rounds led by Simone Cheetham and Ian Darling. BCS reciprocated the meet in April as M'Tasa Ector and Corinne Cadou won the contest by a close margin.

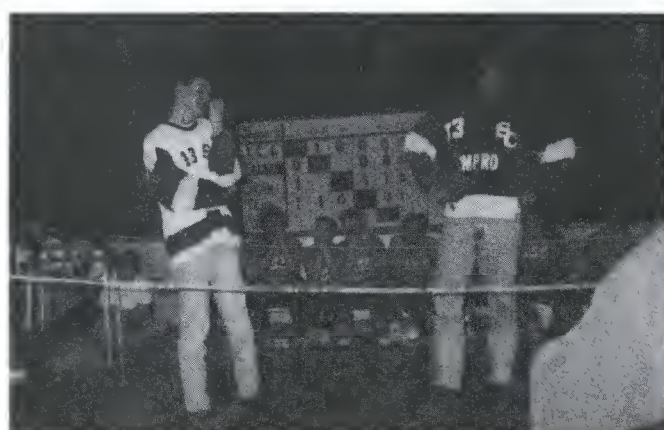

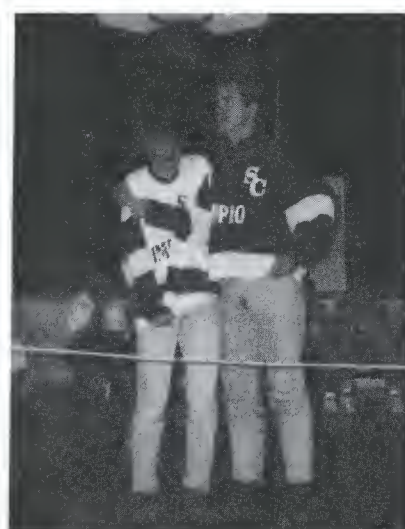

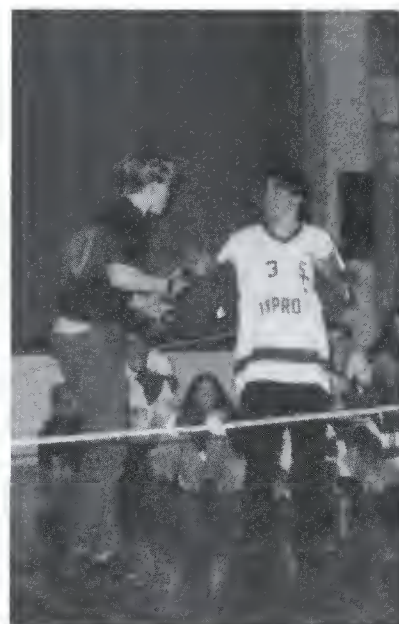

Public Speaking events included an "in-school" contest won at the Junior level by Bruce Mulholland and at the Senior level by M'Tasa Ector. Victor Kasowski participated in the Rotary-Sherbrooke Historical Society Public Speaking Contest with a solid forth place finish. Finally, the club sent Phillipe Beauregard to Ottawa for the Forum For Young Canadians where he spent an interesting week in dialogue over issues of national concern. I look forward to everyone's keen participation again next year!

C'était la quatrième saison d'activités pour le club d'improvisation qui fait partie de la L.I.D.E.A.E. (Ligue d'improvisation des écoles anglophones).

Cette ligue, qui a été formée dans le but de promouvoir la culture et la langue française dans une atmosphère de détente, compte maintenant cinq écoles: Lower Canada College, Selywn House, Stanstead, Trafalgar et, pour la première fois, Villa-Maria.

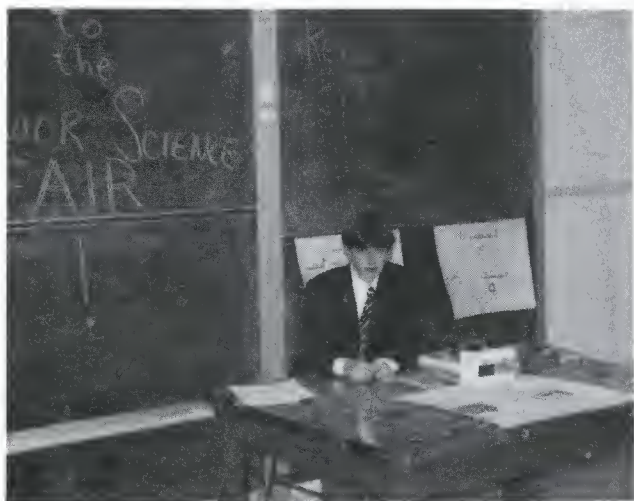

Les membres du club se recontraient tous les jeudis, en soirée, et improvisaient sur des thèmes populaires. Ils ont eu la chance de participer à un atelier animé par Jean-Marc Lavergne, professeur au théâtre de la Ligue Nationale d'Improvisation.

Notre équipe a joué contre celles de trois écoles au cours de l'année, à savoir, Lower Canada College, Selywn House et Villa-Maria. Elle a remporté deux matchs sur trois. Lors du tournoi final à Trafalgar le 5 mai, Stanstead a terminé en deuxième place. L'une des trois étoiles a été décernée à Jason Rodi.

Je tiens à remercier M. Paul Duncan pour sa collaboration et nos capitaines, Daniel Béasse et Jason Rodi. Merci aussi à tous les participants et participantes!

TRIP TO SCOTLAND

Over the March break five intrepid students, Peter MacLaggan, Ian Darling, Jason Poitras, Alpheus Bullard and Alan Chi became the SWC contingent with the combined BCS-SWC touring rugby team. Their voyage brought them to the hotbed of British and Scottish rugby and included four matches. Their only match in England saw them tie Sheffield 8-8 and then it was on to Scotland where the scores were not in our favor.

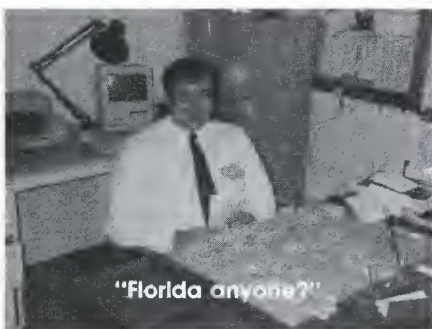

Loretto School on the outskirts of Edinburgh gave them a good game and a good chance to do some sight seeing. Their next game was at Glenalmond on the border of the Scottish Highlands. This stop not only allowed them to gain valuable rugby experience but also allowed them to see some of the most beautiful countryside and to visit the Edinburgh castle of Sir Walter Scott. The fourth and last game was in Melrose, a town of two thousand plus rugby addicts near the English border.

The players and coaches celebrated the end of the tour in a pub and as the final bars of "O Canada" bounced off the walls the realization that the trip was over but that many good things had come of it. Despite the downside of the scores the trip was a very enjoyable one on all fronts.

ETIAC CHAMPS

The 1991 Spartans opened pre-training season with only six starters from the previous year, little experience and many question marks. What unfolded in the next eight weeks was as thrilling as it was unexpected.

The team completed its first winning season in many a year with 6 wins and only 2 losses. The Spartans won the Senator C.B. Howard Cup by defeating B.C.S. In 2 of the 3 games played between the two schools, the E.T.I.A.C. banner for a first place finish in the league, as well as the J.C. Ellyson Trophy for its 18-6 defeat of Alexander Galt in the post season championship playoff game. These accomplishments proved especially rewarding in light of the fact that Stanstead last won them in 1978.

Defence proved to be the key to the team's success, holding down the opposition with determined pursuit and aggressive tackling. In each of 6 victories, our opponents were held to 7 or fewer points.

Quality leadership on offence came from team captain, running back Jason Poitras who lead the team in rushing and scoring. On defence, co-captain Roger Wang set a high standard with his quickness and sure tackling.

Timing was also important in the team's success when both the offence and defence reached their peak, playing their best 2 games in our critical final league game against B.C.S. and in the playoff championship over Galt.

It was a most satisfying and rewarding season for a group of young men who worked hard and played to their full potential.

ETIAC CHAMPS

The senior soccer team completed a successful season by winning the league playoff championship. The team got off to a slow start and had a frustrating tendency to underachieve in regular league games. It took tremendous on field leadership from Ian Darling and Alvaro Porres to inspire the team to its full potential. These hard working players and the return to form of Francois Paradis helped the team to be invincible on the final day. The top players were supported by a cast of hard-working veterans and rookies. Fred Scalabrini, Peter McLaggan, Sae ki Min and Francois Lauziere played solid soccer and could always be counted on to give 100%.

It was a pleasure to watch the team improve and evolve as the season progressed. To finish with a championship was a rewarding experience for all. With a good strong group returning for next year the senior soccer program looks to remain strong and competitive. Thank you all for your sportsmanship and dedication. It paid off in the end. As a team you possessed a great deal of class!

Front Row: V. Sorensen, E. Poston, Mr. A. Solomon, K. Saparoff

This year's Senior Girls' soccer team was able to blend a few experienced players with several who, although lacking in match play, were eager to learn. Our season highlights were too numerous to mention, yet the fact that we met our goal of qualifying for the playoffs made this season a great success.

We quickly developed a balanced offensive attack, with the outside forwards Denney and Sorensen creating many opportunities for dangerous goal scorers such as Saparoff, Poston and Fujimoto. Although our defenders faced a lot of pressure throughout the season, led by Skelton and our goalkeepers Cesari and Vydykhan, they were able to meet the challenge.

Most importantly, the team developed a winning attitude which became the dominant force as the season progressed. Victories over eventual league champion Gault, and a draw at home against BCS, were the products of our desire to excel and our reluctance to accept defeat.

Congratulations to our Most Valuable Player, Ellen Poston, and to Major "S" recipients, Verona Sorensen, Kristen Denney, Simone Cheetham, and Akiko Fujimoto. One never knows what the future holds in store, yet with a strong nucleus of returning players, this team should remain competitive.

The x-country running team began the season as very inexperienced. The excellent example set by Alpheus Bullard and Victor Kasowski in practices inspired all to push themselves to their limits. Our first competition at BCS was beautifully miserable – rain and mud, mud, glorious mud – runners slipped all over and Sakiko fell only five times.

The runners improved quickly as they learned to push themselves through the “pain barrier” and keep a steady pace for the 5-10 km practices across hill and dale, rain or shine. When we ran at the U. de Sherbrooke the weather was perfect and trails flat. The only problem was that the competition had trained all year long.

The team ended the season well at the ETIAC final with a second finish by Rosalind Telling and a third place by Victor Kasowski. Samuel Léveillé and Alpheus Bullard both earned fifth places. Sakiko Mutoh had earned a place to attend the provincial finals the previous week. Congratulations to all, including the super management team of Kareem Dajani and Olaf Quinzanos, for a rewarding and exciting season.

The 1991 soccer season has been one of the most enjoyable and exciting experiences of my coaching career. This has been the result of having an exceptional group of boys to work with. Not only has there been a generous amount of soccer talent but each individual was prepared and willing to work for the benefit of the team as a whole. The other remarkable fact about this soccer season was the number of games that were tremendous entertainment. Play was, almost without exception, skilful and sportsmanlike. Overall, the team played extremely well through all the league games and finished in second place with only one defeat. Ironically, in spite of high hopes for the E.T.I.A.C. championship, the team was eliminated in the playoffs by a single goal which ran counter to the general play. Congratulations to the team for the many successes and thanks to the captains, the manager and all the individual members for their total commitment to the sport.

This year's junior girls' soccer team was one of great spirit and enthusiasm. The energy displayed by the girls demonstrated their sportsmanship and team spirit.

Most of this year's team was made up of newcomers to the sport of soccer, but within a short period of time their skills greatly improved. The veterans played a great role in encouraging our new players.

As the season progressed soccer skills improved and understanding of strategies increased. This was evident during their game against Galt in the semi-finals, where they were only down by one point at the half. They were impressive!

Special thanks go to the captain of the team, Sarah Channell. She was an excellent role model as she worked closely and diligently with the members of her team. Congratulations to the recipients of the Junior "S", Sarah Channell, Laura Channell and Carolyn Stokes.

It was September and time for soccer. The students and the coaches were excited! The bantam boys were looking forward to a great year with a new coach and a new crop of players. The biggest challenge for the coach was to instill confidence in the team. We had good talent and keen players. the season began with a 2 to 2 tie against Galt. That weekend we went to BCS for a tournament, faring well but losing on penalty shots in the consolation final. Then it happened! We were unable to score goals. Our offense had great difficulty putting the ball in the net because of a season end injury to Phillip Infilise. However, we were quite strong on defense, which kept us in all the games. Although we did not win a game and had only three ties, three out of five losses were by one goal only. I hope the players learned a lot of soccer skills and that they are well prepared for the next level. Remember, it does not matter how much skill you have, if you do not have the *heart* then the talent is wasted.

One visible change to the appearance of the Senior Boys' program this year was the acquisition of new uniforms. Thanks to the hard work of a few at the school, and the financial contribution of many basketball alumni, we were able to purchase two new sets of uniforms and a set of warmup jerseys. We certainly looked good . . .!

At the beginning of the season, we set two goals: to win the ETIAC league, and to qualify for the Anderson-Bailly Tournament. We didn't achieve the first goal, in fact, we didn't qualify for the playoffs for the second consecutive year. It was almost a replay of last year, as we were tied for last place, but the other team (BCS) went to the playoffs by a differential in points of two.

We did qualify for the A-B, and performed well at the tournament, finishing third. We lost to Richmond by two in the semifinal, and played the best game of the tournament against the eventual winner, QHS. It was a very special weekend in Quebec City for both senior teams.

Over the course of the season, we had a 2-6 record in league play and an overall record of 11-16. Along the way, we won second place in the both the BCS Tournament and in our own Stanstead Invitational Tournament.

Despite some poor results this year, it was a very memorable one for me as coach. The bus rides, overnight trips, as well as the many practices and games brought the group close together, and we genuinely had a good time this past season. So to all the guys: Artur, Mars, Sleep, Calculator, Wang, Dancing Man, Pree, Dinque, Terrapin, Rudy, Cuff, Orange, Sponge, and Chewbacca, thanks for the times.

Congratulations to award winners . . .

Once again Stanstead was fortunate to have a competitive Senior Girls' basketball team. The girls placed third in a tough six team league in the ETIAC with a 5-5 record and were runners-up at the annual BCS Senior Girls Tournament. Finishing second qualified the team for the Anderson-Bailly Small Schools Provincial Basketball Championships which were held in Quebec City this year.

Congratulations to our Major "S" and Senior "S" recipients and especially to Kristen Denney who received the Bess Ferguson Trophy as the team's MVP. Kristen also won the ETIAC league scoring championship by over 40 points and will fortunately be returning for another season at Stanstead. I would like to take this opportunity to thank my co-captains Ellen Poston and Kristen Denney and the entire team for a very enjoyable season. I would also like to extend my best wishes for the future to all the graduating players and I hope to see you at alumni events in the years to come.

Did you hear the one about a Stanstead swimmer who lost in a race with only one person (himself) racing?

This set the tone for the type of season that the swim team had. The season started with a very tragic accident. Thanks to all of the team for being very mature, helpful and caring.

The season started off with extremely bad timing. We were members of two leagues and we could not arrange to swim in any of the finals. As the season progressed we had some very good results from all of our swimmers. Three of our team members selected by the Estrie team to compete in the provincial finals. Congratulations to Velika, Francois and Gordon.

Our best finish was at a meet held here in Stanstead. Here our twenty team members took on twelve different schools. We came in fourth. Not bad considering we did not have a single bantam boy!

Well we can always look forward to a better and safer season next year.

Good luck and get well Tomo.

CROSS-COUNTRY SKIING

The 1991-92 cross-country ski team included six-year veterans as well as novices who had yet to see snow. The best snow conditions were over Christmas break, but January found us with a development team and a small but keen racing team participating in meets on both sides of the border. Over February break, Philippe Beauregard, Danny Chan, Olaf Quinzanos and Mr. Kubanek went to the Canadian Ski Marathon and did well in frigid conditions.

After the break we hosted the Independent Schools' meet and we all enjoyed being with the students from the other schools for two days.

Captains, Philippe Beauregard and Kate Saporoff and assistant captain, Danny Chan worked many hours with the skiers. Philippe spent much time checking out train conditions. Kate and Danny by their fiercely competitive racing styles provided an example for present and future skiers. All worked hard and the potential to excel is great. The future holds much promise!

SENIOR HOCKEY

This year's edition of the senior hockey Spartans showed great patience as they learned the basics of senior play. The key word for this team was "youth". A group of talented fifteen year olds, a couple of first year seniors and solid veterans rounded out the squad. The team did not win many games but everyone got a chance to play. With such a young team, the future looks bright. All we have to do is to stay out of the infirmary and all will go smoothly.

I would like to say goodbye to the graduating veterans. Thank you for a good solid year. As for the rookies, I look forward to an improved season next year.

The Boy's Squash team had a solid season providing for some good competition at both the junior and senior levels. "Major S" recipients, Francois Paradis and Danny Yeh held the top rankings of the team, while John Jen, Mike Atkin, and VJ Bala competed successfully against junior rivals. First year players showed tremendous improvements, particularly Sae Ki Min and Kenny Szeto and gave the upper ranked players stiff competition. Matches with BCS, Selwyn, Champlain College, and the Independent Schools Tournament formed the competitive base of the season. A keen, co-operative and hard working group of boys were a pleasure to work with. Special thanks to the leadership of team captain Francois Paradis. Returning players make next season look very promising!

The 1992 Girls' Squash team was made up of very skilled players. Although only two of the players had returned from last year, the new participants seemed to pick up the sport with ease.

The girls were always enthusiastic during practices and tournaments, and were always encouraging each other. I was very pleased with our team captain, Debara Cheung, who did a great job working diligently with the girls and in motivating them.

Our tournaments were quite successful. A few of the girls participated in high level tournaments at Bishop's University and at Champlain College. They were all quite impressed with their improved ability on the squash court.

I would like to extend my congratulations to Sakiko Mutoh and Susan Chen on their each receiving a Senior "S".

I look forward to working with the girls again next year, and I wish them the best of luck with their new sport.

This season was simply a fantastic experience for both me and the team. We set a lofty goal of capturing the ETIAC championship and, for the first time ever, the Stanstead Junior Boys accomplished this feat.

There were no magic formulae for this success. Everybody worked very hard during practice and when not on the court we were thinking about and becoming more comfortable with our individual and collective roles.

The positive attitudes of all players carried us through the good and difficult points during season. Jeff Fountain earned the respect of the team as a motivated and responsible captain. Y.C. Lu proved to be the most skilled center in the league and his on-court leadership by example helped us win the few close games. Those who tried to stand in our way met with failure.

Our team was about excitement. We called ourselves the "Running Tigers", a name which was as popular as our fast-break, full-court press style of play. We trained ourselves to believe that when a game became close, we would secure the victory. Talented scorers such as Alan Chi and Hank Wang drove the offense. Our 17-3 record was indicative of our skill.

I want to thank each of the boys for giving me my first and last league championship. I especially want to thank Steven "Slick" Telling for allowing himself to believe in his abilities and realize that the only way to achieve goals is through a lot of practice and even more hard work. Tigers forever!

The days became shorter, the weather was getting colder and it was time to use the gym for basketball. We all had great hopes, we were all even, we all had a chance to dream. The girls were keen and I certainly was also. We all realized very quickly that the caliber we were playing against was much too strong for our team. These teams did not hold back and sometimes I wondered how we came out smiling after being handled so easily. As competitive as I am, I realized that we should plainly have fun and let everyone play in the hopes that all would learn the basic skills. I believe this was accomplished. It is hard to go through a winter season, but at the same time, when the winning comes you appreciate it much more. I would like to congratulate Sarah Channell for the Junior "S". She was the "perfect example" of a player that went beyond what she was asked. To the rest of the girls, thank you for somewhat of a "fun year". If you learned a lot about basketball, I certainly learned what made you tick.

The Bantam Boys was an upstart program this year. It included eleven young men who would not otherwise have been playing basketball, as they were either too young, or had been cut from the Junior Boys. We had boys of different ages, and, as such, had to play exhibition in the ETIAC Bantam Boys' League. This meant that we were unable to advance to the playoffs.

Many of the boys were newcomers, some of whom had never touched a basketball before. Over the course of the season, the skill level and knowledge of the entire group increased greatly. This will be good not only for them, but also for the future of the basketball program at the school.

Our overall record was a very respectable 7-4. We also took third place at the Galt Tournament (which included a field of eight teams). We also won and lost by one point in the two games which we played against the eventual league winner, Richmond Regional.

Coaching the team required a double commitment from both me and my assistant, Ian Darling. This was not easy for either of us, but I'm sure we would both agree that it was worth it to see the youngsters develop as they did.

Congratulations to award winners . . . Bantam 'S': Samuel Léveill  , Zaid Mahayni, and Miguel Sorensen . . . and thanks to all the team for their effort and attitude.

JUNIOR HOCKEY

It is special to be able to coach a younger team and to watch the young athletes develop.

The mixture of ages meant we were a "no-name" team. No league play, no championship or all-star teams. In spite of this disappointment, we played a total of fourteen exhibition games and won four, tied three and lost seven. Improvement was satisfying. Everyone on the team knew he was a better hockey player than he was in November. The team learned to win graciously and accept the agony of defeat. Goal tender, M. Guérin improved and gained confidence. Our four defencemen, B. McDonald, G. Goodsell and P. Manning worked together to strategically keep the puck out of our net. Forwards V. Pagnelli, J. Chi, P. Infillse, P. Kasowski, C. Saunders and R. Ludlow were the younger team members. They had the pressure of trying to score while trying to develop skills.

We had a real scorer in Billy McDonald who led with 35 goals. I coached Bill McDonald Sr., a student and fine athlete at Stanstead in my first year of coaching in 1962. What a pleasure to have coached father and son!

The 1992 Track and Field Team was one of the most enjoyable groups I have had in recent years. As has been the case over the past few years, our team numbers were small and the team featured a wide range in abilities. Nevertheless, most individuals worked hard both in practice and in the meets to better their own individual performances.

This year we competed in a total of 5 meets and I was pleased with both individual and team performances. The highlight of the season for the team was finishing second out of five schools in our own Stanstead Invitational Meet. Individually our senior athletes did especially well with Natalie Cesari and Francois Paradis winning the individual girl and boy high aggregate trophies at the Stanstead meet and Verona Sorensen and Francois Paradis winning individual aggregates at the E.T.I.A.C. High School Track & Field Championships held at the end of the season. Some athletes also established records. In the Stanstead Invitational Francois Paradis tied the senior boys 100m mark while Natalie Cesari broke the meet record in the senior girls javelin and both meet and school records in the discus. At the mid-gut level, hard work and effort paid off handsomely for Victor Kasowski as he clipped a nifty six seconds off the midgut boys school record in the 800m.

As usual, I would like to recognize our letter and trophy winners for the season. Bantam "S" - Sarah Channell, Kikuko Fujimoto, Philip Infilise and Velika Parent; Junior "S" - Victor Kasowski; Senior "S" - Ellen Poston; Major "S" - Natalie Cesari, Francois Paradis and Verona Sorensen. The top awards (Alice Amaron Trophy & Russell Langley Trophy) are presented each year to the respective girl and boy athletes who garner the most points over the course of the season. This year the Alice Amaron Trophy was won by Verona Sorensen for the second time and the Russell Langley was won by Francois Paradis, also for the second time.

On behalf of my co-coaches, Mr. Alex Philip and Mr. Peter Channell, I want to thank the entire team for an enjoyable season and especially Verona, Ellen, Natalie and Francois whose dedication and performances throughout the season set such a positive example for others. They will be difficult to replace. I know I also speak on everyone's behalf in extending a special thank you to Francois Paradis (Frankie Paradise) for all he has done for the track programme at Stanstead over the past 6 seasons.

It has been a great pleasure for Ms. Campbell and I to work with this year's tennis team. Not only have they exhibited great skill, in capturing yet another ETIAC Championship as well as several individual titles, they have also been a very positive group to be around.

Although the season is quite short, we played many matches both at home and on the road. Our players were always competitive and sporting at the same time, a combination which is all too rare. We all learned more about the game of tennis, as well as having a good time doing so.

This year's rugby season started early in March when five players and Mr. Marino went on a joint BCS/Stanstead Rugby Tour of England and Scotland. Practices began in the gym for the first two weeks. We had barely been outside for three practices when we packed up the vans for the major road trip to RCS - Netherwood in Rothesay, New Brunswick. This tournament was a memorable highlight of the season. The team played extremely well against some tough competition.

This was the first year for Stanstead in the GMAA, and our record was 1-5 in league play. We hosted the first ever rugby tournament at Stanstead for both Juniors and Seniors, and the Senior team lost 8-4 in the final against Fredericton High School. This was also the inaugural year for the McEwan's Cup for the two game total point competition between BCS and Stanstead. Stanstead lost the first game 12-6, but came on in the second to beat BCS 18-3 and take home the cup.

Thank you to all the players, both those who started and those who saw less action, for their commitment and dedication to the team. Thanks to Olaf the manager, to Captain Ian Darling, and to Mr. Simard for his support and help all season long. Congratulations to award winners -

Senior 'S' - Ian Darling, Richard Lin, Peter MacLaggan, Rob Mason

Major 'S' - Jason Poitras, Alvaro Porres

MVP Trophy - Alvaro Porres

and thanks to everyone for a satisfying and rewarding first season.

Front Row: R. Urroz, P. Kasowski, M. Kuniham, Z. Hussain, J. Chi, B. Chou, B. La, J.F. Bourgeois, V. Pagnelli.

This year Stanstead launched a junior rugby program which attracted the interest of twenty-three (23) players. The team competed on an exhibition basis mainly against teams from the Montreal league, BCS and in two tournaments. Although the loss category outweighed the wins, the team played hard rugby against more experienced and older-aged teams. Bantam aged players captured the BCS 7's Tournament title as the rest of the Juniors gained valuable experience the hard way! Jonathan Mvie-Nguema led the backs at fly-half while Billy McDonald took control at scrum-half. All players showed great improvement over the course of the season and were a pleasure to watch from the sidelines. Junior "S" recipients included Samuel Leveillee, Owen Chang and Jeremy Lin, all selected from a very strong contingent of players.

Thanks to all players for your efforts this season - I am proud to have coached such a fine group of gentlemen and hard working rugby players, your progress is to be commended.

DAVIS HOUSE

Whenever fifty senior students and two house directors live together for the length of the academic year, cooperation and mutual respect are necessary elements of success. This year has been very pleasant for both myself and the residents of Davis House, who helped make the year go very quickly.

I would like to offer special thanks to my assistant, Mr. Marino, whose unique brand of energy fueled many house activities, and to the finest group of Prefects I have worked with during my time at the College.

Best of luck to everyone.

Mr. Aron Solomon

WEBSTER HOUSE

Webster was inaugurated this year by a group of exceptional young women. They excelled in the classroom and athletically. As well, they were good sports when it came to things like inadvertent fire drills, scalding or freezing showers - not to mention those thousand-and-one things that go wrong when you're in a new house! The girls were very supportive of their hard-working house committee, they made Mrs. Telling welcome in her new role as Assistant House Director (which she is VERY good at by the way) and gave us few heartaches.

We've been very proud of "our girls" and feel fortunate to have begun Webster's history with such a high caliber of young lady. If our girls are "house proud", it's because THEY made their dorm such a happy and congenial home. Good hostesses that they are, they made the Colby girls feel at home and it was not unusual to have several spend a night or two in someone's room. Rarely a boring event!!

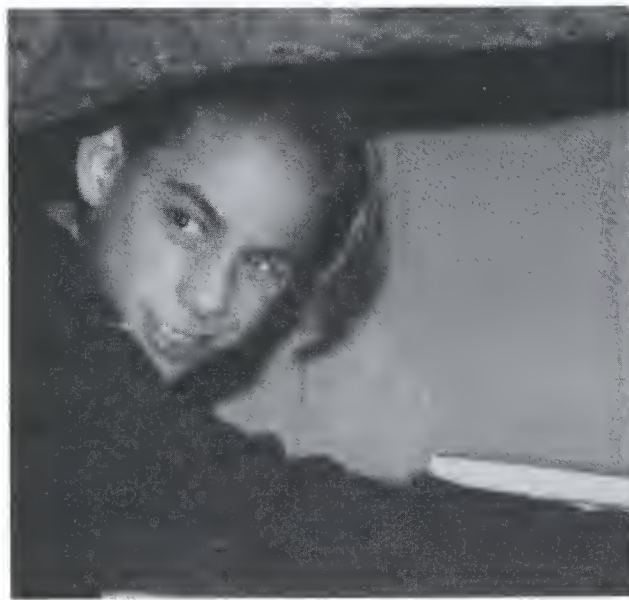

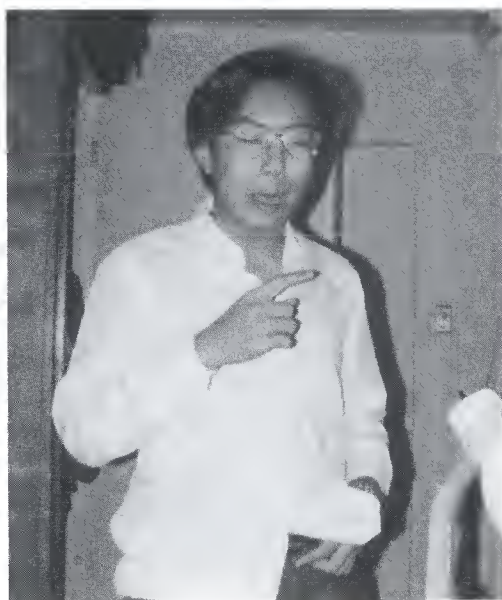

We congratulate the girls, thank the prefects for their hard work and dedication and we wish all those who are going on to other venues, a bright and happy future. We'll be here waiting for them at Alumni, hopefully maintaining this esprit de corps they've begun

This year, for the first time in twenty years, Bugbee House was under the direction of someone other than Peter Ashworth. As the new Director, I was fortunate to have had the experience of working with Mr. Ashworth last year as his Assistant. I learned what a daunting task running this house really is, and also (I hope) the level of commitment and dedication needed to run it well.

There were many changes and events which took place over the course of the year. First of all, Mr. Norman Southward joined the faculty and was appointed to the position of Bugbee Assistant Director. His positive nature and sense of humor were welcome additions to the house.

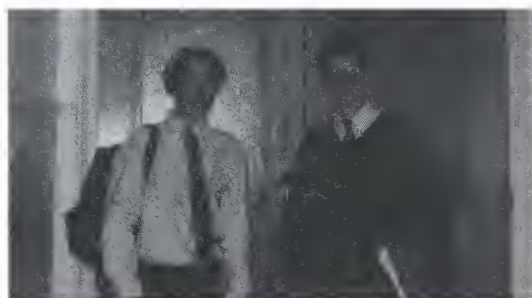

The house was very full this year, and it included the normal amount of occurrences - both positive and negative. The Food Committee, though less active than in past years, continued to fund house activities through food sales.

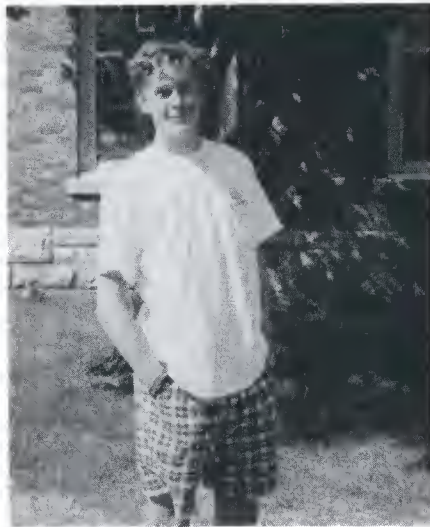

Thanks to the various committees, the prefects, and all the students for a good year. We look forward to the many 7's and 8's returning next year, and to the arrival of a new crop of Bugbee Boys in September.

Walking down the hall of 3rd floor Colby this year one would not have seen young ladies standing at the vanity fixing their hair or running in house coats to brush their teeth before lights out. But instead, one would have seen both females and males roaming the hall, occupying the rooms, and congregating at the vanity to gossip, as this year, Colby House was the 'home' to the day students.

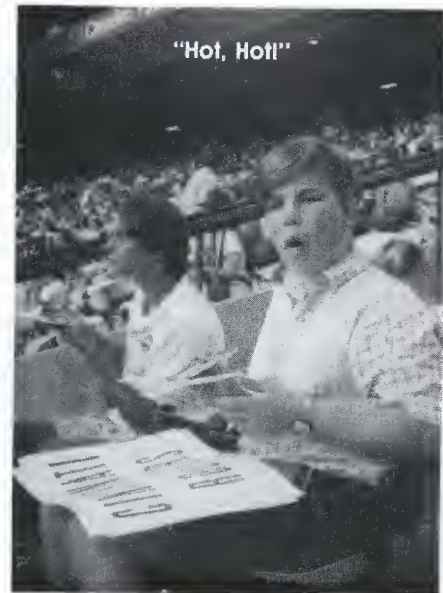

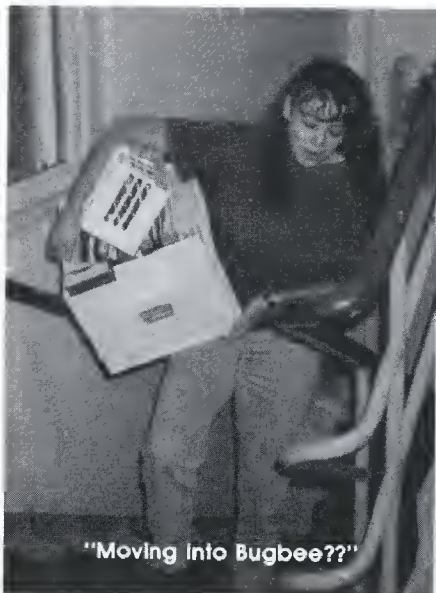

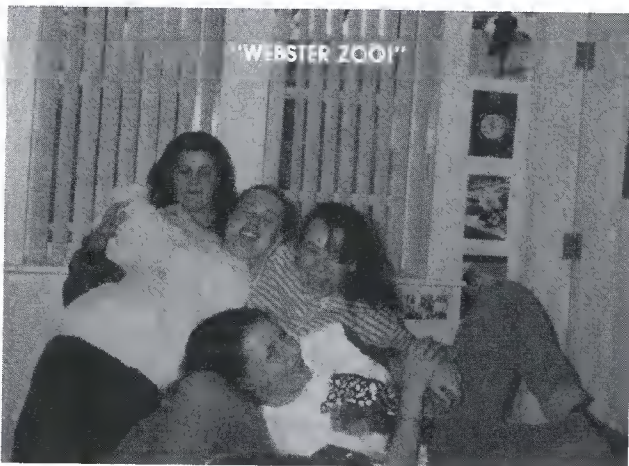

Mrs. Martin and myself are most impressed with the way everyone tried to get along and the way both younger and older students interacted. Living in a co-ed house during the day is not always easy but with consideration for others and following a few rules, our house became like "family" in a short length of time.

I would like to thank Mrs. Martin for her assistance this year and for helping make this year so enjoyable. Special thanks also go to Mr. Philip, Miss Wadleigh and Mrs. Graham and all of this year's prefects for their duty help.

Best of luck to Ellen, Courtney and Kate as they proceed on to their next journey in life.

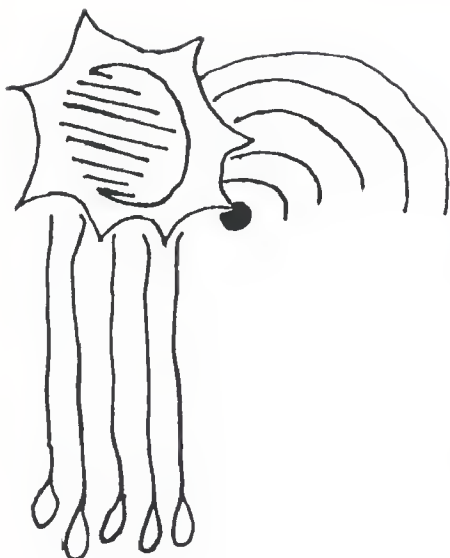

Thanks for a great year Colby Clan!!

CREATING

ON AND ON AND ON

I just woke up
I've been here forever
Time can mean nothing
When in endless prison
The lonely soul

The day drags on
And on and on
Once again
Torture in myself
The lonely soul

There is no end
There's no horizon
No silver-lined clouds
Forever lost
The lonely soul

WHAT STUFF IS MAN MADE OF?

What stuff is man made of:
Blood, flesh and those melt
At the mention of love and harden
When pride is hurt. Pride, then,
What is it that controls the nerves
And, as marrow, holds man up.

Looking down from high above
Nothing's clear, all is blurred.
And he, man, who looked straight
Saw those who blocked his way
And, fed by the fuel of pride, fought,
Fierce and blind. Now, he was humbled,
He lost. All pride gone, fighter
Bent like an old man, if he ought
To sit down, rest and try for one to
look up.

L'amour éternel

Tes yeux et tes cheveux te donnent beauté
Les couleurs qui t'entourent te partagent leur nature
Toute vêtue de blanc
Mon hirondelle éternelle

Le jour viendra où je t'aurai
Ce jour sera le plus saint
Saint comme le coeur le plus pur
Aussi pure qu'une amour fraternelle

L'amour est si fort et si beau
Poussant chacun à livrer son coeur à sa choisie
Oui, la belle aimée
Aimée pour un amour éternel.

Beyond Narnia

Once I belonged to a realm,
a garden my domain.
my glass bubbles blossomed,
faith was complete.
But the seasons changed,
and the garden went to seed.
mongst this desolation,
I dance free of the womb,
for I have come to function.
Pain is so sweet,
real enlightenment,
dancing over broken glass.

Sixty Nine Minutes to go

Kick off, an undesirable moment,
Them to you, not quite fair,
You think as you exchange fearful glances.

Looking at your oval-shaped target,
You swerve around your team-mates,
Thinking of little at all.

Moment arrives when the tackle is on you,
Ball is taken and passed along from one to another,
Still on the ground you feel sharp pains.

Shaking them off, you sprint to your man,
Yelling hastily, "Support! Support! Support!"
Noticing that he had been sprung to the ground.

The silent yell of "Ruckover" enters your mind,
Grabbing on to another and pushing,
As though there were no tomorrow.

Collapse. Ouch! Bodies lying all over,
And the whistle of the ref being blown,
Before nervous, now anxious faces wait the call.

"Scrum Down." You place yourself in front of the mark,
Ready, In, eight on eight together forming one,
Ball in, Now! Time to win the ball.

The thought of pain and pleasure mixing,
After the feeling of hurt takes over,
In only minute of playing time you think to yourself,
Sixty-Nine Minutes to go.

Saturday (June)

You depart accompanied
by luggage and a thousand tears,
we wave and hope,
That it's not goodbye.

All the wounds are opened,
and the salty tears rubbed in,
the hurts blossom,
the earth is not the same.

The world is emptier,
yet the walls press closer,
my mental scream unchecked,
our sky falls in.

It's happened before,
I know,
but not like this,
and not with you.

ALONG THE WAY

Along the way
Rain soaks through your hair
As thoughts soak through your brain
And when the sun appears again
I find you've turned
And gone another way

Why must it rain
Along the way
When all is clear
When we could have the sun
You run away for shelter
And leave me in the rain

Ô TOI!
(à mon futur amour)

Ô toi! Délicieuse déesse
À mon coeur j'ai fait une promesse
Ton âme et ton coeur tout pleins de magnificence
Ne me laisse pas tout seul dans ce monde de souffrance

Ô toi! Cicatrice de ma vie
Vent d'été, oiseaux mes amis
Faites savoir à majesté la princesse
Que la regarder, pour moi est la plus belle caresse

Ô toi! Lumière de mes nuits
Viens causer ce coeur au fond du puits
Viens aider ce coeur déchiré ce jour
Qui t'aimera pour toujours

Ô toi! Aux cheveux couleur de miel
Aux yeux couleur du ciel
Mes larmes coulent à flots
Ton visage me restera, le rêve le plus beau

Ô toi! Reine de la splendeur!
Viens enlever de mon coeur ces traces de malheur
Délivre-le de son silence
Entre tes mains, il dormira en confiance

Ô toi! Ravissante sirène
Ne me quitte pas, moi qui t'aime
Ne m'humilie pas sur la scène
Ne me laisse pas avec ma peine

Ô toi! Mon grand amour
Comme j'aime te faire la cour
Les fleurs ne dépassent pas la beauté
Pour toi, les arbres danseront pour l'éternité

Ô toi! La plus belle sur cette terre
Ne me laisse pas dans cet enfer
Les anges ont ouvert les portes du paradis
Pour toi, je sacrifierai ma vie

IN A DOOMSDAY CONTEXT

In a doomsday context
Lucidity comes and goes
Glancing back through
the short moments of your life
Reasoning with memory
There must be some reason
If only you could reach it
Grab hold
Swing through the gates

But reality is harsh
Forbidding
And we'll never know
Until we reach
The end

THE SIX YEAR CLUB

L to R: K. Saparoff, J. Poitras, S. Prieur, F. Paradis, E. Poston

William G. Milsom joined the College in September 1986 as the school's first full-time Director of Development. Bill was responsible for promoting all aspects of the College which included working closely with alumni, students, parents, faculty, the community and friends of the school. Being a concerned "people person", Bill truly enjoyed his five years at the school and organized a very productive Development Office that each year realized a successful annual fund, produced a bi-annual publication for the entire Stanstead "Family", organized a very successful Homecoming (1990), advised the Inter-Act Club and worked closely on the school's ambitious capital campaign.

Bill and his lovely wife, Anne have retired in Kelowna, BC where almost all of his family now reside. We will miss his vitality and sense of humour, but we know Bill will keep in touch through the "Bulletin" and will always make certain the Development Office has his current address!

Aron Neil Solomon began his teaching career at Stanstead in September 1988, after having successfully completed his education diploma at McGill University. He was appointed to teach English and Economics and he became Assistant House Director of Davis at the same time. He rapidly demonstrated his tremendous energy and enthusiasm by taking on 'extras' such as S.A.T. preparation course, directing the Grade Nine play, *Clue*, and making a major contribution to the production of *Death of a Salesman*.

Sports are a major component of Aron's life and he has coached continuously through all three seasons, each year he has been at the College. His teams, the Senior girls Soccer, Junior Boys Basketball and Tennis, have been highly successful in league competition and in tournaments. He has definitely been a force to be reckoned with on the sports field, in the gymnasium and on the tennis court.

Another major contribution that Aron has made is in the area of drama and Theatre Arts, in which we have been particularly grateful for all his assistance over the past four years. In addition to directing pre-published plays such as *Clue* and *The Art of Dining*, he has, of course, written several plays himself and presented two of them, *Instruments of Democracy* and *Conflicting Messages*, at the College.

Aron has done all this in addition to teaching five full courses each year, including senior level English, and has always being willing to take on new challenges such as Grade Twelve Sociology and Political Science. He established an excellent rapport with many of his students and made projects such as the *Kangaroo Chronicle* an educational 'hit'.

After three years of working as Assistant House Director, he became Housemaster of Davis in 1991 and established strong relationships with many of the students. He has recently decided on a career change and will begin studying law later this year. The staff and students wish him all the best for the future.

G. Telling

Mrs. Maggie Graham

Mrs. Graham has become something of an institution at Stanstead College over the past twenty-eight years as the first, and only Art teacher in all that time. But the contribution she has made to the school and local community goes far beyond what most students realise.

Mrs. Graham first arrived in Stanstead, from Toronto, in 1958, when her husband accepted a job as Chemistry teacher from the then Headmaster, W.K. Molson. At that time, the Grahams brought their five-month old baby, Malcolm, with them and moved into the third-floor apartment in Colby - the first of many moves and homes. In 1959, their second son, Lamond, was born in Newport Hospital but in the following year they left Stanstead to return to Toronto. However this turned out to be a very temporary interruption to their connection with Stanstead College because Mr. Graham was contacted again in 1961 and offered the post of Geography teacher. When Ed. Caley replaced the Rev. Hutchinson as Headmaster, Mrs. Graham became Housemaster of Davis. This was probably what finally drove Mr. Graham to seek a place to which she could escape and she accepted the job of teaching Art to the boys, the following year, 1964. This was the first time that this subject had been offered at the College.

That began an incredible stint in the Model School that lasted for twenty-eight years. Through all that time, Mrs. Graham has taught skills and encouraged creativity without imposing any one particular style upon her students. A testimony to her success is the number of alumni who keep in touch with her and recognise the difference she made to their lives. In addition to her regular classroom commitments, she has also given numerous Art classes to different age groups in the community, and can claim some interesting distinctions such as having taught Art to three generations of Béasses. She has always been ready to help with the art work for countless school events and social activities as well as being responsible for the beautiful calligraphy on thousands of school prizes and awards. She took charge of make-up for school plays, too. Of course, as we all know, Mrs. Graham is always game to try something new and has attended many courses, conferences, workshops and exhibitions during her career at the College. She has also taken students on numerous trips and visits and been ready to help with Animation activities of a cultural nature.

Mrs. Graham has also set a tremendous example to us all by the way in which she has made contacts with the local community, beyond the College itself. She has been a very active member of the Unitarian Universalist Church for many years and was instrumental in forging links between the Church in North Hatley and the one in Derby Line. She was the first woman to become a President of the Church and is, at present, the President of another unique organization, the Danville Chapter of the American Dowry Association. This Chapter is, in fact, the headquarters of the entire North American Association and she is responsible for the Annual Convention. Her community work, of late, has included organizing assistance for the Dominican and Venezuelan sailors who were detained here and she is the only Canadian member of the Northeast Kingdom AIDS Commission and Vermont AIDS Council. These are just a few of the activities that she has devoted her time and effort to, over the past thirty-four years.

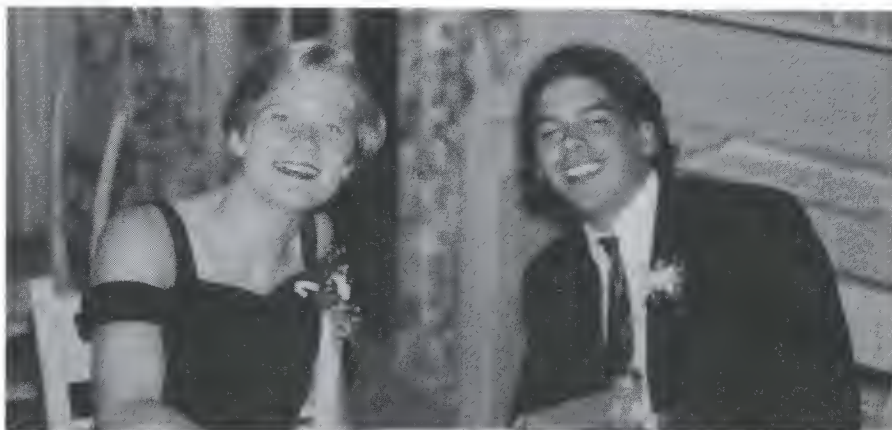

Whilst Mrs. Graham has been teaching Art, working in the community, and supervising the library every Sunday evening all these years, she and her husband, Duncan, have also been very successful in raising their family through elementary school at Sunnyside, Stanstead or the Convent and on to University. Their children are presently pursuing careers out West, in British Columbia, where Fiona is a teacher, Rhona in genetics research and Malcolm running his own business. And the next generation of Grahams has already begun with the birth of their first grandchild.

As for the future, Mrs. Graham says she has no immediate plans for a second career and is going to take some well-earned time to consider the possibilities that a little more freedom will give her. All of the students and staff of the College would like to thank her for everything she has done in the past and to wish her, and her husband, the best of health and happiness in their future lives.

A.K.A.: Vleja, Alvi, Al, Alr.

SOME DAY: If I ever get through this school I'll meet "all" my friends somewhere, sometime, somehow.

ACTIVITIES: Getting people very night, wasting my social life for almost 3/4 of the year. Going running in boxers to the barn at 2 a.m. ETIAC champions. Sneaking into Webster.

I'LL NEVER FORGET: All my friends that helped me in my survival through this two years at Stanstead. The soccer season. Birthdays at Davls, Morgan (hook), Domingo awakened by a fire extinguisher, Jesus and his 'absolute bodko' that got him absolutely drunk, J.J. as a roommate, J.P. the stud. Alex and the air compression. Kim and his hair style. Simon "so violent", Frank Pele, Fred always with his fiancée Gill, "get funky", Chris in a bar without drinking, Kristen always with a smile on her face, Ellen's Mitsubishi, Eric who wants to be like Jordan, Pete in the Mexican restaurant (no manners), Phil - Mr. smile like a \$1 star. Running in the morning with Verona. Alf and his hair colour. How could I forget the most wonderful person who I spent most of my time with, Nat. - I'll miss you. Thank you all for making my life easier in Stanstead. Love you all, keep the faith - peace.

SOME DAY: I'll have a large happy family and will go to Disney World.

ACTIVITIES: What does this stupid heading mean?

I'LL NEVER FORGET: Everything at Stanstead - some of the hardest and best things of my life happened here at Stanstead. My first months were one of the hardest times of my life. Trying to adjust to the new style of life was very difficult, but with a lot of help from my Mother and my brother I was able to stick it through to the good times. My last months of grade 10 saw the development of some of the best friendships of my life and brought with it some unforgettable times. Returning in September was strange because it was the same thing that had brought so much pain and worries a year before but this time I got to see my friends again and I was happy to be back. This year has been much different than last year. I've been able to enjoy many things this year which I couldn't last year. The thing that I'll remember the most about this place is the friends. One who stands out is Antoine Léger. He was one of the first people to give me a chance here and without him I don't think many of my happy memories of Stanstead would have been possible. I owe him a lot of thanks as I do to the rest of my friends at Stanstead.

A.K.A.: Verve, Vervy, Verb, Nini, Vorauna, Simone, Monkey Woman and Gazelle.

SOME DAY: I'll have a hearing aid, wrinkled skin, no teeth, white hair and no memory and I'll look back at my life and smile with satisfaction.

ACTIVITIES: Soccer, B-ball, Track'n'field, Crafts Club, Investment Club, Fashion show (slightly uncompleted), Prefect, Theatre Arts and Choir.

I'LL NEVER FORGET: "I need an eraser!" Hygienic Gr. 10, Chem. classes. Debra's Chinese Cat (great resemblance to Domingo.) Always being on time. Setting a garbage can on fire & burning Dawn's eyebrows off. The sweet guy who sent plenty of pollen. Breaking Pascally's bed. Polishing shoes. The Immature & happy days with Amy. Falling down 2 flights of stairs and landing very uncomfortably. (Water Slides) Stop pointing Luby! Spring Break with the Bahama Mama . . . "Ehehhahhahha" (Monkey call). Cadou's closet - smells good. Carol's wall - pretty! Rooming with my dear Sakiko. Bleaching my mustache and losing my skin. Acting retarded with Irene, Anne-Marie - how about donating a little. Nishi's high pitch voice - no wonder I need a hearing aid. Mig - remember you're my bro and I'm always here for you. Yoshi & Akiko - I miss you both. No matter how bad my memory goes I'll always remember Peter MacLaggan. Thanks to the great friends I cherish: Mrs. Duncan, Ma, Pa and Margret, you've made my life at Stanstead something I don't ever want to forget. You know the saying - it was the best of times, it was the worst of times . . .

Verona Sorensen '87

Stacey Spencer '94

SOME DAY: I hope to look back on my life and realize that everything I believed was a large problem was actually a small obstacle for success.

ACTIVITIES: Sleeping, Sports, being a taxi for most of the Georgeville Clan.

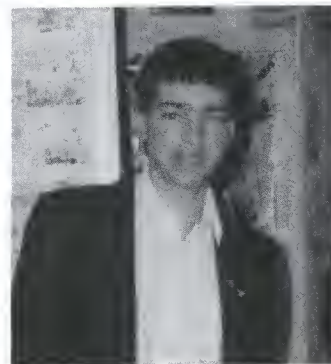

I'LL NEVER FORGET: My first day at Stanstead - just like Dead Poets' Society except there were girls in tacky uniforms. My first and final dance I went to - bad music. My new found friends. Having to go to the bank everyday with Irene. How annoying J.P. was. Verona's monkey & falling asleep when Lubna was talking to me. Math class was always a thrill - thanks Amy and Irene. Poor Mitch, but what can we say. English was always a blast. Karin, Anne-Marie, Candice and Irene - you giggle so much but but Amy is the ultimate giggler. I'll never forget Carolyn who made my life here easier. My one year at Stanstead has allowed to be experience many different things - guys whistling when a male drama teacher from B.C.S. bends over - hmmm! Thanks Mom and Dad for seeing things my way. I love you.

A.K.A.: Slick, Slicky, Tellster, Stevo.

SOME DAY: I will graduate from the College, study in England for one year on an exchange program, go to a good University, take two degrees and join the R.C.M.P.

ACTIVITIES: Choir, Animation, Interact, Rifle Club, Riding Club, Craft Club, Soccer, Swim Team, Basketball, Softball

I'LL NEVER FORGET: Parc Safari and the boys of summer in their brief mental lapse, Summer 1994, letter received in San Francisco and the evidence, windows that could never remain closed for an entire English class in grade ten: March madness 91; basketball season 92; the roast chicken saga; balloons 91 and 92; Terra, Billy, Tyler, Michelle, Victor, Jeff, Craig, and all my graduating class. Is that a Boston accent???

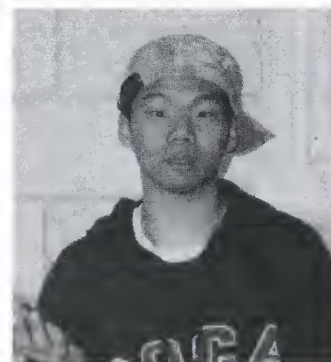

Stephen Telling '87

A.K.A.: Wee, Uyfius, Jun-Jun, Junior.

SOME DAY: God will help me make my parents proud of my accomplishments (if I have any).

ACTIVITIES: Veg for the fall, veg for the winter and, of course, veg for the spring - in other words a total veg all year.

Jeff's stupidity. Alex's pepperonies. Pao the spaz. The Ottawa trip. "Google". Clare's socks and fingernails. Kristen's lips. Jack's 24cm magnum. Mr. Elliot and Irene. Me, Ivan and Eric. Kim's mountains that you can never climb. Room confinement - the worst thing you could get. Gabby - probably the best thing that God ever sent to Stanstead. Room 402 and the broken windows and doors. Burning the floor to get heat. Alvaro falling in love - you could have given me the \$1000 you spent on flowers alone. And all the friends I made in this school. You've meant alot to me.

Domingo Uy '89

Jang Hyeok Yun '94

A.K.A.: Yan, Randy, Metalboy, Axl Rose, Silent Troublemaker.

SOME DAY: I will get whatever I want and give alms to the poor. I will also dedicate myself to the service of my country. That is my mission and, maybe, my destiny.

ACTIVITIES: Football and cross-country skiing.

I'LL NEVER FORGET: Adjusting myself to this school - especially learning English and French. The chance to learn how to play football and how to ski. Talking to Mike about girls in Korea and Stanstead. Staying in a cold Pierce Hall all night long. Rooming with Johnny - let me sleep. Frankly I have hated school very much, but Stanstead is another case. I got a good opportunity to meet many nice people. Thanks to my dear friends for helping me. Most of all I thank my parents for sending me to this school. I respect you very much.

THE DYNAMIC APPROACH

SHOULD PRECIOUS METALS HAVE A PLACE IN YOUR PORTFOLIO?

Precious metals, particularly gold, have historically been a storehouse of value. While precious metals are subject to fluctuations, they can buttress a slumping market. In this regard, many financial advisers recommend that investors hold between 10% and 15% of their assets in precious metals investments.

As a hedge against inflation, or as a means of participating in precious metals markets, Dynamic Precious Metals Fund offers an exceptional opportunity. The fund balances investments in gold, silver and other precious metals with shares of non-South African producers, offering outstanding potential for capital appreciation. The portfolio is constantly adjusted to give investors the best values and is RSP eligible.
